Message from the Event Patron

Committed To Empowering People Of Determination And Reinforcing Dubai's Role As A Global Centre For Assistive Technologies

In keeping with the vision of our wise leadership to make Dubai and the United Arab Emirates among the world's most welcoming and empowering nations for People of Determination, I am pleased to share that Dubai will host the 8th edition of the AccessAbilities Expo from 19–21 October 2026 at the Dubai World Trade Centre (DWTC).

The forthcoming edition builds on the success of last year's event, which welcomed more than 250 exhibitors, brands, and rehabilitation centres from over 50 countries, an 8% increase compared to the previous edition, and strengthened its standing as one of the world's leading specialised exhibitions for assistive technologies, rehabilitation, and inclusion.

A notable milestone in its recent growth has been the strategic partnership established between the Expo organisers and REHACARE International, the world's largest exhibition in this field. This collaboration further underlines Dubai's growing significance as a centre for innovation that supports People of Determination.

I look forward to your support and participation in its upcoming edition. Together we can continue advancing the journey of empowerment and ensure a future in which People of Determination are fully included, valued and supported.

A New Chapter for AccessAbilities Expo

Secure your spot for the 8th Edition

AccessAbilities Expo 2026 is the region's largest and most established exhibition dedicated to People of Determination across the MENASA region. As the exhibition enters its 8th edition, it continues to evolve as a platform that brings together global innovators, accessibility professionals, institutions, and industry leaders working towards a more inclusive and accessible future.

Building on the strong momentum of recent editions, AccessAbilities Expo 2026 is expected to grow by over 10% compared to 2025, with more than 300+ exhibitors from 50 countries. The exhibition presents a diverse range of products, technologies, and services supporting independence, accessibility, and improved quality of life for over 200 million people with disabilities across the Middle East, North Africa, and South Asia.

The 2026 edition marks an important milestone through a strategic partnership with REHACARE International, organised by Messe Düsseldorf. This collaboration strengthens international participation and reinforces Dubai's position as a global hub for assistive technologies and inclusive innovation, aligned with the objectives of Dubai's Economic Agenda (D33).

We are grateful for the continued patronage and support of Sheikh Ahmed bin Saeed Al Maktoum, President of the Dubai Civil Aviation Authority, Chairman of Dubai Airports, and Chairman and Chief Executive of Emirates Airline and Group. His guidance and encouragement since the inception of the exhibition have played an important role in shaping AccessAbilities Expo into the leading platform it is today.

Warm regards,
Ghassan Suleiman
CEO

Event Features

AccessAbilities Expo 2026 goes beyond a traditional exhibition, offering multiple ways to engage with the accessibility ecosystem in a focused and commercially relevant environment.

Business Matchmaking

A dedicated matchmaking platform connecting exhibitors directly with buyers, distributors, and decision-makers through 40 pre-scheduled one-to-one meetings before, during, and after the exhibition — enabling meaningful conversations and real business opportunities.

Hosted Buyers Programme

Enables exhibitors to engage directly with senior government officials from key ministries and departments, including Health, Social Affairs, and Education. The programme facilitates structured networking with key stakeholders in the disability sector, creating opportunities to present solutions, sell products, and sign business contracts.

Determination Without Limits

In collaboration with Hamdan bin Mohammed bin Rashid Al Maktoum International Photography Award (HIPA)

A photography competition celebrating inspiring stories of resilience and achievement. Winning photographs are exhibited at the Determination Without Limits Gallery during the exhibition, with participants competing to win rewards worth AED 70,000.

Inventors' Hub

Managed by Emirates Inventors Association

A dedicated pavilion for UAE inventors showcasing innovative technologies and inventions designed to empower People with Disabilities. The platform aims to support innovation and encourage new solutions that advance accessibility and assistive technologies.

Sports for All Arena

A thrilling lineup of adaptive sports activities, competitions, and training sessions designed to empower athletes of all abilities and promote inclusive participation in sports.

Knowledge Hub

Managed by Dubai Community Development Authority

A platform where global industry experts share insights on technology, inclusion, and empowerment. Take the opportunity to speak, influence conversations, and build relationships with industry experts and professionals shaping accessibility across the region.

Arts for All

Workshops and training sessions empowering participants to explore artistic potential, fostering creativity and self-expression. This initiative is led by artist Sohail Bekaeen, encouraging inclusive artistic development for participants of all abilities.

Applied Behaviour Analysis Conference for Autism

A distinguished group of experts and practitioners exchanging insights on the latest advancements in Applied Behaviour Analysis. Parents seeking guidance and support for children with autism can benefit from valuable insights, practical approaches, and expert advice.

Incluzun Summit

Positions UAE at the forefront of global dialogue on evidence-based inclusion and the future of equitable education and workplaces. Theme: Inclusive Intelligence.

Exhibitors' Profile

AccessAbilities Expo offers exhibitors direct access to the Middle East's growing disability and rehabilitation market from the UAE — a leading global business hub. The exhibition enables organisations to engage directly with government officials, institutional decision-makers, healthcare providers, and rehabilitation centres.
